

Video TC Meeting, November 2021

To: All Member Federations

The FIG AER-TC wishes to notify our Member Federations of the following information.

<GREETINGS>

Greetings from the AER-TC. We hope that all the Aerobic Family is doing well. We wish you all to be strong and please stay safe.

Towards the end of the 14th cycle, the FIGAER-TC sincerely appreciates your cooperation and collaborations in making this wonderful discipline of Aerobic Gymnastics even more attractive.

We understand that, it is very difficult when we are asked to “change” from a situation we have been accustomed to for a long time. However, without change, we will not evolve. Therefore, we would like to ask for your further cooperation and understanding.

The opposite of “Possible” is not only “Impossible”. The opposite of “Possible” is also “CHALLENGING!” Let us continue to challenge and evolve together.

< World Cups 2022>

< CoP clarifications & Errata List >

We have received some comments from NF and we do indeed find that some clarifications need to be made. Therefore, very much to our regrets, please find the Errata List (below site) and please amend as necessary.

We will provide all the information necessary in the educational video of STS when it is ready. Most of your questions or concerns will be solved with this Errata List and the educational video sessions. We thank you in advance for your patience and understandings.

After the online test, we will be publishing the revised CoP early 2022 with all the corrections (including drawings).
